Carolyn Chase

for City Council – District 2

Change business as usual!

- ✓ Fix our City's finances
- ✓ Require official accountability
- ✓ Balance community needs with growth
- ✓ Maintain clean parks, beaches and bays

Dear Neighbors,

I'm asking for your support to **change "business as usual"** at City Hall.

It's time to **fix our City's finances, require accountability**, and get back to basics.

As your volunteer **City Planning Commissioner** for the past 3 years, I have been an **independent** community voice, asking the tough questions and doing the public's business in public.

I have worked as a community and environmental volunteer for the past 15 years with every City department in one capacity or another – so I understand what works and what doesn't work, and how to open up the

culture of secrecy that has consumed our resources, killed morale and trashed our good name.

My track record shows that I can pull people together to get things done.

I am **endorsed by the Sierra Club**, business people, police, teachers and other community leaders. Please call us or visit my website, **ChaseForCouncil.com**, where you can find out a lot more about me and how I will address San Diego's problems.

Thanks for your time and consideration.
